## HISTORY

The Family Division began in July 1998 as a pilot project designed to:

- provide a comprehensive approach to helping families in crisis by using both judicial adjudication and service intervention methods
- improve case processing from initial filing to disposition by assigning cases involving the same family to one judicial team, and scheduling cases at regular intervals through 30, 60 and 120 day conferences.

**Emphasis is placed on the best interest of the children and the family unit affected by the legal proceedings.** Though the proceedings are adjudicatory, there is an effort to reduce their adversarial nature. The parties are encouraged to take advantage of onsite mediation which is available at no cost. As a unique feature of the Family Division, registered domestic mediators are available in each Family Division Courtroom to assist parties who are appearing at 30 and 60 Day Conferences. In many instances, parties come to a complete resolution of all issues.

### **Services offered within the Family Division include:**

- Social Services Coordinators
- Guardians ad Litem
- On Site Paternity Testing
- On Site Drug and Alcohol Testing
- Child Support Worksheet Assistance
- Legal Forms / Packets
- Free Attorney Consultations / Legal Clinics
- Families in Transition Seminars
- Alternative Dispute Resolution / Mediation Services

## FAMILY LAW INFORMATION CENTER

### PURPOSE

The Family Law Information Center (FLIC) was developed to assist people who wish to represent themselves in domestic legal matters or educate themselves about domestic issues. Anyone may come to FLIC to get legal forms or information on a variety of issues, including: paternity establishment, legitimation, custody, visitation, child support, annulment and divorce.

### ATTORNEYCONSULTATIONS

FLIC uses the services of contract attorneys who, on an appointment basis, provide 30 minutes of legal consultation on domestic legal matters. The service is available only to individuals who do not currently have legal counsel, and advice may not be provided to anyone when it has been determined that there is a legal conflict.

Many of the forms and packets are also available for downloading at our website:

## THE ONE STOP

### PURPOSE

The One Stop Office opened on February 3, 2003. Prior to that time a petitioner seeking a Temporary Protective Order (TPO) from domestic violence or stalking had to navigate from one office to another to take the necessary steps to complete the process. Now the One Stop is open each week day from 8:30 a.m. to 5:00 p.m. for petitioners to get help through the entire process of obtaining a TPO.

Typically, ex-parte hearings are scheduled three times per day at 11:00 a.m., 1:00 p.m. and 3:00 p.m. and parties are asked to arrive at least 1 1/2 hours prior to hearing time to complete necessary paperwork.

Petitioners are screened and then given the forms they need to complete their petitions. Atlanta Volunteer Lawyers Foundation (AVLF) and the Partnership Against Domestic Violence (PADV) have volunteers available to provide assistance at no costs to the petitioners who qualify for their services and to help with safety planning and other related issues. Brochures and resource information on obtaining food, housing, clothing, medical care and other necessities are available.

*A petitioner can always elect to seek private counsel or proceed without representation or assistance.*

After petitioners complete their paperwork they are escorted to an ex parte hearing to determine if a TPO will be issued.
